### MILK GRADING LAW EXPLANATION GIVEN BY HEALTH OFFICER

Adoption Of Ordinance  
Called Progressive  
Step By Welch

### PUBLIC TO KNOW KINDS OF MILK

General Improvement  
Of Milk Supply Is  
Unusual Result

Dr. H. C. McRee, county health officer is in receipt of a very interesting letter from Dr. S. W. Welch, state health officer, as a result of the passage on first reading of the standard Milk Grading Ordinance by the Albany City Council on Friday evening.

"Albany has taken one more progressive step by passing the Standard Milk Ordinance on its first reading," says Dr. Welch in his letter. "Similar action was recently taken by the City of Decatur, and it will soon be possible to throw about the milk supplies of these two cities the same kind of safeguards as are being applied in Birmingham, Florence, Gadsden, Huntsville, Mobile, Montgomery, Selma, and Tuscaloosa.

"Milk is a product which needs safeguarding. Some of the most serious outbreaks of typhoid fever on record in Alabama were caused by milk which had become infected with typhoid bacilli. Far too many babies are dying every year of diarrhoea and 'summer complaint,' as a result of the feeding of unsafe milk. Alabama is making rapid advances in the industrial and financial world. We must keep pace with public health, in order to enjoy our opportunities.

"The ordinance provides for the grading of all milk delivered to the consumer, and the grades must appear on the container. Grading will be done by a representative of the bureau of inspection of the State Board of Health. The object of this ordinance is to make it possible, by means of the grade tag on the container or on the bottle cap, for the consumer of milk to select the best, or at least to be fully aware of the quality he is buying. Anyone who wishes to buy grade 'D' milk may do so, as long as it is on the market, just as anyone may now buy poor quality clothes, fuel, feeds, or other commodities.

"It has been our experience in the other towns in which this ordinance has been in effect that the consuming public quickly realizes the advantages of it, and demands grade 'A' milk, whether raw or pasteurized. This inevitably results in a general improvement of conditions in the milk industry, which is, in turn, reflected in the milk-borne disease statistics. Another very marked benefit resulting from the use of good milk is its increased consumption. Public health authorities in the dairy industry have been pointing out the exceptional food qualities of milk and advocating an increased consumption of it for years. Unless milk is palatable, and the public has confidence in its safety, all such propaganda is wasted effort. Once confidence has been established, however, and a palatable supply of whole milk, as it comes from the cow, is available, the demand increases. This is beneficial to consumers and dairymen alike."

Dr. Welch closes his letter by urging that nothing be permitted to interfere with the passage of the milk ordinance, in either Albany or Decatur, at the next meetings of the councils.

### Work Is Finished In County Schools

The task of examining the school children of all of the schools in the county, outside of Albany and Decatur, has been finished according to announcement today by Dr. H. C. McRee, county health officer. Work of examination among the schools of the Twin Cities will start this week and probably will be finished in two weeks.

### Branscomb Will Lead The Singing

REV. A. L. BRANSCOMB

One of the leading characteristics in a revival campaign is the congregational singing. Nothing so brings people together and inspires them and prepares them to hear a message as singing together the great hymns of the church. It is great art to know how to inspire people to sing. The Central Methodist church is fortunate indeed in having Rev. A. L. Branscomb to lead the singing for the Easter revival.

Mr. Branscomb is a fine soloist and is especially gifted in getting the best singing out of great congregations. He is one of the finest young ministers in Alabama. He received his college work at Birmingham-Southern and is a graduate of the Emory University. At the last session of the Alabama Conference, Bishop Candler assigned Mr. Branscomb as Student Pastor at the University of Alabama. He is recognized as leader of young men and women. He possesses a genial disposition and with his experience and special training, he will be a strong factor in this revival campaign.

Great interest is being manifested and expectations are high as to the outcome of this revival. It is expected that the congregations will pack the church at both services beginning on Sunday. The services at the church throughout the revival will be at 10 o'clock in the morning and at 7:30 o'clock in the evening. There will be special services at all the industrial plants of the city, and a special woman's worker, Mrs. Lindsey, will conduct a Bible hour at the "Y" for the business and employed women each day beginning on Wednesday, April 1st. A lunch will be served by the women of the church to all who come.

### GIVEN TEN YEARS ON OLD CHARGE

Convicted of Slaying  
Partner At Florence  
Six Years Ago

(Associated Press)

FLORENCE, Ala., March 27—Homer Johnson was convicted of slaying Joseph D. Wallace of Huntsville, Ala. six years ago, and was given a ten year prison sentence by a jury in the circuit court here yesterday.

Wallace was buried at the time as an unidentified man, and his identity was not established until last year when his father came here and had his body exhumed.

Johnson was indicted soon after the killing, but escaped and was not captured until a few weeks ago, in Missouri. He and Wallace was partners in the restaurant business here for a time. Wallace's body was found on the banks of the Tennessee river near Waterloo, Ala.

### Decatur Council Will Meet Today

The Decatur city council was scheduled to meet in special session this afternoon at four o'clock to consider finally the proposed paving of Davis street, a section of Line and a block of Fifth avenue west.

### TRIAL OF EDWARDS TODAY IS DRAWING GRADUALLY TO END

Defense Introduces A  
Number Of Character  
Witnesses

### STATE RESTS IN NOTED HEARING

Neighbors Tell Of The  
Happy Home Life  
Of The Couple

(Associated Press)

BESSEMER, Ala., March 27—The character of Dr. George Edwards, on trial on a charge of wife murder, was extolled today by county officials, professional associates and former neighbors of the Edwards who live in many sections of Alabama.

The home life of Dr. and Mrs. Edwards was described by witnesses as being normal and happy.

Probate Judge Connelly, of Coffee county, testified that he was closely associated with Dr. Edwards for many years that he was a man of staunch character, J. B. Haynes, of Selma testified that "no man ever bore a higher reputation." Mrs. H. A. Verrier, of Ishkooda, a town where Dr. Edwards practiced his profession for several years, declared the defendant was "better to his wife than any man I ever knew."

It was expected the defense will complete its testimony today and the case will go to the jury late tomorrow after lengthy arguments.

The prosecution closed its case yesterday, after having attempted to show the slaying of Mrs. Edwards was an "inside job" and to connect Dr. Edwards with her death.

The defense contends that Mrs. Edwards was slain by an intruder, evidently bent on burglary.

The defense introduced another witness to bolster its claims that Mrs. Edwards was slain by an intruder, who then wounded her husband. I. B. Fuller next door neighbor of Dr. Edwards testified that it would have been impossible to see the back of the sleeping porch and the back steps of the Edwards home from the sleeping porch of Mrs. Harry Hillhouse. Fuller said this was because of his own garage and Dr. Edwards' flower house being between the houses.

Mrs. Hillhouse testified yesterday that she stood on her sleeping porch, after being awakened the morning of the murder and looking at the Edwards home before and after the firing of four pistol shots. She saw no one run away from the home before or after the shots.

Previous to the testimony of Fuller the defense introduced three character witnesses, a Mrs. Trucks, Chester Lawson and William Wren, the latter two negroes. All said they knew nothing detrimental to the character of the defendant that Dr. Edwards and his wife appeared to be perfectly happy.

### LOCAL MAN INVENTOR OF FIRE ALARM; COMPANY WILL BE FORMED

Zacharias Kornis, Decatur shoemaker, has invented a fire alarm system, which has been patented, it became known here today. A company will be formed to place the product on the market, the probable incorporators being: Mr. Kornis and Jimmie James, of Decatur; George Mastoras, Frank Swartz and Captain L. B. Rainey of Gadsden.

Mr. Kornis is said to have invented several other devices, but the Kornis electric fire alarm system is declared to have attracted wide attention, particularly among the insurance companies of America after tests had been conducted for their special agents.

The principle upon which the device works is very simple and is the influence of heat waves through electric contact, thermometers, which sends electric impulses to what is called an electro-magnetic enunciation.

The primary object of the inven-

### IDENTIFICATION VERY DIFFICULT

No Marks of Violence  
Are Found By The  
Officers

(Associated Press)

BATON ROUGE, La., March 27—The bodies of two unidentified men were discovered in an empty gasoline car, when the car was opened for cleaning at the Standard Oil refinery here today, after returning from Uniontown, Ala., where it had been used to ship a load of coal oil.

The bodies were in such condition that it appeared identification would be difficult but in the pockets of one man were found letters, one addressed to Mrs. James Teeling, Hattiesburg, Miss., and the other to James Teeling. The bodies were clothed in blue jumper suits and the men apparently weighed about 150 pounds each.

There were no marks of violence on the bodies as far as the first examination showed and police were at a loss to discover whether they were accidentally or intentionally placed in the car.

### PRAIRIE FIRE NOW IS UNDER CONTROL

Teacher and 2 Children  
Are Reported To  
Have Lost Lives

(Associated Press)

ABERDEEN, S. C., March 27—After burning over an area of approximately 150,000 acres, two prairie fires near Wakpala, S. D., were reported as being extinguished today.

VELENTINE, Neb., March 27—Additional unconfirmed reports reaching here this morning stated that a school teacher and two children were burned to death several miles south of Crookston, Neb., in the devastating prairie fires which have been raging in this region since last Wednesday.

### Smallpox Cases Are Discovered

Several cases of smallpox have been discovered in Morgan County it was stated today by the county health unit. Action is being taken to suppress the diseases. All contacts are being vaccinated or quarantined.

"Improper" Conduct In  
Deal Charged To  
Two at Capital

(Associated Press)

WASHINGTON, March 27—Senator Burton K. Wheeler of Montana, Gordon Campbell and Edwin S. Booth were indicted here today by a federal grand jury on conspiracy charges.

Mr. Campbell is an oil land operator in Montana. Mr. Booth is a former solicitor of the interior department.

The indictment is the second against Wheeler and Campbell, they having been indicted in Montana on charges involving allegations that Mr. Wheeler improperly represented Campbell before a government department.

The new indictments are based on charges relating to the securing of oil land permits in Montana and relate to transactions alleged to have taken place while Booth was in the interior department.

### BRIDGE CAMPAIGN DRAWN UP TONIGHT

Many Prominent Men  
Have Been Called  
To Meet 7:30

Intensive campaign plans will be adopted tonight at the Chamber of Commerce auditorium when approximately 125 men have been called to gather in the interest of the bridge bond election that is to be carried before the local people of the cities on April 7th. The time of the meeting has been called for 7:30 o'clock.

With only a few days left in which to carry out the campaign, leaders today although feeling that the issue will carry in both cities are preparing to start into the home stretch in all preparedness to make the issue assured of passage.

Absentees ballots have been printed for the men who will attend the Kamram ceremonial in Birmingham on that date and for a number who have been summoned to appear at Huntsville at the call of the Federal court. The ballots and affidavits can be obtained at the probate office. Bridge leaders are urging that the voters who are to be out of the cities on that date obtain their absentee ballots at an early date.

Little more than a week remains before the issue is carried to the people and the surrounding cities and towns are watching the cities with great interest in hopes that the project is the greatest value that has been offered to the section in a great many years.

### SCHOOL BUILDING IS WRECKED BY BLAST

(Associated Press)

PITTSBURG, March 27—An explosion early today wrecked the public school building at Swissville. Jacob Jacobs, the janitor was reported missing and policemen and firemen are searching the ruins in the belief he met death in the blast.

A reward of \$1,000 has been offered for information leading to the arrest of those responsible for wrecking the building, it being believed the explosion was not accidental.

### Seek Banker

E. A. WICKHAM, JR.

A systematic search is being carried on in Minneapolis, Minn., for E. A. Wickham, millionaire bank president and financier of Iowa, who, relatives fear, has been abducted and is being held for ransom. Wickham is head of two banks and several contracting firms, besides a railroad and electric company.

### THIRTY KIWANIS LEAVE ON VISIT

Band Accompanies The  
Members On Second  
Trip Of Year

Thirty Kiwanians will leave this afternoon from the Chamber of Commerce building at 5 o'clock for the second farm relations trip of the year. The meeting is to be held in the school auditorium at Woodland Mills where it is expected that citizens from the Hartselle, Valhermosa, Somerville and Woodland Mills district will gather. An interesting programme is scheduled by the Woodland Mills people who are anxious to welcome the visitors.

The Albany-Decatur Concert band will accompany the Kiwanians this afternoon and give several band numbers that are included on the programme.

This is the second visit of the year of the farm relations committee and is usual being looked forward to by the local men making the trip. The other points to be visited are Florence, Somerville and Trinity.

The programme will be concluded with "Farmers Night" to be held at the local club headquarters when it is expected that every Kiwanian will have a farmer as a guest.

### Exposition Being Advertised Widely

The work of advertising the coming Industrial Exposition to be held in Albany-Decatur for the Muscle Shoals District is progressing rapidly. Large bills printed in colors are being hung in the windows of business houses of the Twin Cities and the billing of the various towns of North Alabama and Southern Tennessee will begin at once.

The newspapers of the South as well as publications in distant states are containing articles about the exposition and its object, while telegrams about the exposition are being received from various parts of the country. Advertising slides for advertising the exposition on the screen of moving picture theaters in North Alabama and Southern Tennessee are being prepared and various other means are being employed to thoroughly advertise the coming industrial event which is to open April 25th and continue for two weeks.

### SENATOR DIAL IS THIRD MEMBER

Two Engineers Also are  
Assigned Task Of  
Drafting Report

(Associated Press)

WASHINGTON, March 27—The following were appointed today by President Coolidge as members of the Muscle Shoals commission:

Former Representative J. C. McKenzie, Illinois; former Senator Dial, South Carolina; Professor Harry A. Curtis, Yale University; William McClellan, New York and Russell F. Bower of the American Farm Bureau Federation.

Contrary to expectations, no cabinet members were placed on the commission which will be authorized to determine the most practical method of utilizing the facilities available at Muscle Shoals.

Appointment of the commission which will be under instructions to submit its report to the president if possible, before the next session of congress was in line with a resolution passed by the house requesting a comprehensive survey of the governments power and nitrate project on the Tennessee river.

Mr. McKenzie, the republican, retired voluntarily from March 4 as representatives from the thirtieth Illinois district. At the time he was chairman of the house military committee which had jurisdiction over Muscle Shoals legislation and during the 68th congress led the fight in the house for acceptance of Henry Ford's bid for Muscle Shoals.

Mr. Dial is a democrat, whose term in the senate expired March 4.

Mr. Curtis is professor of chemical engineering at Yale.

He was consultant to the agricultural department in re-organizing its fertilizer work and at one time was executive officer of the army's nitrogen research office. He also directed the recent world nitrogen survey of the commerce department. Mr. Curtis holds degrees from the Universities of Colorado and Wisconsin and was engaged in chemical engineering work before he became a member of the Yale faculty.

Mr. McClellan an electrical engineer, is a graduate of the University of Pennsylvania, formerly was head of Wharton school at that university. He is past president of the American Institute of American Engineers and has had extensive experience in construction and operation of electrical equipment.

Mr. Bower was born in Berwin, Pa., in 1885, was educated at West End University. In sometime he has been engaged with the American Farm Bureau Federation in a study of Muscle Shoals problems, particularly in relation to agriculture.

Senator Heflin, democrat, of Alabama said today that he was pleased at the appointment of the Muscle Shoals commission by the President and since McKenzie, Dial and Bower were all advocates of Henry Ford's bid and the Underwood bill, introducing part of the Ford offer, the commission's recommendation would be sound and acceptable to Alabama and the South.

### Cold Snap Thought Winter's Last Gasp

WASHINGTON, March 27—Predicting a chilly spell, as one of the last gasps of an expiring winter, the weather bureau report today says: "It will be colder tonight over the entire Washington forecast district with the exception of eastern New England and southern Florida."

"Frost is indicated for tonight in the Ohio valley and Tennessee valley and east gulf states, and interior of the South Atlantic states, together with extreme northern Florida."

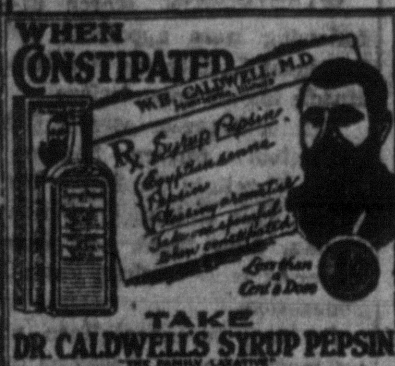

## CONSTIPATION means SICKNESS

More human suffering, physical and mental, has resulted from constipation than from any other source. The entire future life of a child can be ruined by lack of attention to the proper daily movement of the bowels. If the bowels do not act at least twice daily it means constipation—that means the bowels are clogged up with the accumulated residue of five to fifteen meals or more with consequent pollution, poison and disease.

### Dr. Caldwell's SYRUP PEPSIN The Family Laxative

—relieves constipation. It is a combination of Egyptian senna, pepsin and aromatics prepared in liquid form, inviting to the taste, and smooth, pleasant and easy in its action. It is the kind of a prescription a good doctor will give you. Used nationally over 30 years.

**Pleasing As Honey To Take! Easy As Nature In Action!**  
For both baby and grandma. Syrup Pepsin quickly brings relief to the most severe cases of constipation and the doses may be gradually reduced as Nature resumes her proper functions. 10,000,000 bottles used annually prove its effectiveness.

### Praised By Hundreds Of Southern Women

Success of St. Joseph's G. F. P. Proves that Confidence Which Girls and Women are Placing in This Wonderful Medicine is Not Misplaced.

Hardly a day passes now without many reports of astonishing results from the use of the famous medicine known as St. Joseph's G. F. P., by women all over the south since its introduction here.

Girls and women who had been trying first one thing, then another to rid themselves of the pain, irregularity, nervousness, irritability, loss of appetite, undernourishment and lack of normal weight which catarrh of their delicate generative organs makes them endure, are learning more and more every day that St. Joseph's G. F. P. is the medicine they should have had at the first sign of their trouble.

"We are indeed gratified to see such overwhelming enthusiasm among girls and women here about G. F. P., says the representative of the discoverers here. "It is really no more than we expected because we have seen the results it brings about for women who had been going along month after month in actual misery, without being able to get any relief scarcely at all."  
"We do not believe that we are overestimating the success of G. F. P. when we say that we are confident more than a hundred thousand girls and women are calling at their drug stores this week in many cities all over this part of the country, getting St. Joseph's G. F. P."

### Getting Too Fat? Try This—Reduce

People who don't grow too fat are the fortunate exception. But if you find the fat accumulating or already cumbersome, you will be wise to follow this suggestion, which is endorsed by thousands of people who know. Ask your druggist for Marmola Prescription Tablets and follow directions. One dollar is the price the world over. Get them from your own druggist or send price direct to Marmola Co., General Motors Bldg., Detroit, Mich. By doing this you will be able to reduce steadily and easily and pleasantly, without starvation diet or tiresome exercise. Start taking them today and get slender.—Adv't.

### Coughs and Chest Colds Yield Quickly to Old Time Treatment

Physicians now say that the best treatment for a cough is not to merely numb the throat nerves as many cough medicines do, but to help Nature quickly throw off the cause—congestion and mucus. When this is done the severest cough is usually relieved in a very short time.  
This is exactly the action of that old-time tried and proved cough medicine, Dr. Bell's Pine Tar Honey. Doctors say the pine tar is hard to beat for quickly loosening and removing the phlegm and congestion which are the direct cause of the coughing, while the honey not only gives a pleasant taste, but helps soothe soreness and irritation.  
But be sure you get the genuine Dr. Bell's Pine Tar Honey and not some substitute. Dr. Bell's is the original and has been known for many years as the best. It is scientifically compounded of just the right proportions of pine tar, honey and other quick-acting ingredients which the best doctors have found to aid in bringing quick relief. Contains no opiates or other harmful drugs, so can be given even to young children—fine for spasmodic coughs. If you want the best—a medicine that often relieves a stubborn cough overnight—get Dr. Bell's. Costs only 30c at all good druggists.

### Briton May Be Made Dependant

(Associated Press)  
PARIS, March 27.—A suit for breach of promise and defamation of character against Lieutenant Colonel Ian Dennistoun, defendant in the sensational London trial, just ended, will be filed in London soon by an American woman who now is in the United States, it was announced today by Dudley Field Malone who will represent the plaintiff.

Mr. Malone declared that the evidence would include "a hundred odd letters in Colonel Dennistoun's hand, many of which contained highly derisive allusions to Lady Carnarvon."  
Lady Carnarvon is Colonel Dennistoun's present wife.

"Physicians had given my sister up to die; they wanted to operate for gall stones, but she was too weak and could only talk in whispers. I got her a bottle of Mayr's Wonderful Remedy and in 3 weeks she was able to get about and walked a mile to church." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists.—Adv't.

#### A WORD FOR BEGINNERS.

The best way to solve a cross-word puzzle is to run quickly over the list of horizontal and vertical synonyms and compare them to the spaces in the puzzle extending cross-wise or downward from the number of the synonym. Some word which will just fit in the number of space available will quickly occur to you in some instances, giving you a foundation from which to solve the more difficult words. The words must interlock perfectly.

**FLORENCE DECIDES BRIDGE IS NEEDED OVER THE TENNESSEE AT THAT POINT**

Progress of one community inspires progress in another. Florence seeing the effort being made in Albany-Decatur for a bridge across the Tennessee river at this point, also recognizes the need for a new bridge there. The Florence Daily News says:

Citizens of Albany-Decatur are proposing to bond themselves to the extent of one hundred thousand dollars to secure a bridge across the Tennessee river. Proponents of the proposition are enthusiastic over the stimulus to city building that such an improvement will bring. All of which reminds us that we, too, need a new bridge over the river. The present bridge is entirely inadequate and must be replaced

with one that will meet the demands of traffic made upon it. The bridge over the Dam will relieve the situation somewhat but this is not in the right place to give the service needed. A new bridge, of ample proportions and located for convenience must be provided within the next few years. And we may as well begin to make our plans to provide for its construction.

No community will more sincerely wish Florence success in her endeavor than will Albany-Decatur, for this section is earnestly interested in every development of North Alabama, but we should remind ourselves that if we fail to take advantage of the opportunity offered us to obtain a bridge immediately, other communities are waiting to avail themselves of the chances we neglect.

Huntsville would like very much to obtain a bridge up toward Hobbs Island, because of the increase which would result in tourist trade. Guntersville would like to have a bridge across the Tennessee river there. Albany-Decatur wishes it were possible for all of these bridges to be built NOW, but that is extremely unlikely.

One bridge will be completed across the Tennessee river, in the northern part of the state, within the next year or two. We say, and believe, that the logical place for this bridge is at Albany-Decatur. We have completed all of the preliminary arrangements for obtaining it. We have the guarantee of the state highway commission that it will be built here, on one condition and one only—that we provide the sum of \$100,000 to augment the fund of the state.

In other words we have the inside track at present, and if we leave it and take to the outer rail, we have no one to blame for losing the race but ourselves.

**WILL THE SENATE AS LONG ON MUSCLE SHOALS AS ISLE OF PINES?**

There is hope that congress will settle the Muscle Shoals matter within the next eighteen or twenty years thinks the Albany-Decatur Daily, which finds consolation in the reflection that it took congress twenty-one years to ratify the Isle of Pines Treaty. It should not require many more years than that for the senate to decide upon some definite plan for Muscle Shoals, thinks the Albany-Decatur paper, which says:

People of the Tennessee valley, who think congress has been making haste slowly in adoption of legislation to dispose of Muscle Shoals may glean what comfort they may obtain from the knowledge that only 21 years was required for the senate to make up its mind about the Isle of Pines.

The Isle of Pines treaty, relinquishing all claim to the island in favor of Cuba, was ratified by the senate the other day, after almost half a life time of debate. Citizens who cast their first ballots this year were born the year the treaty was submitted to the senate. Many members of that august and deliberative body at that time have had their little fling and passed on, and left the treaty as a memento to the newer solons.

Perhaps by the time the present infantile generation is grown to manhood and the present generation of voting age is no longer able to creep to the ballot boxes, perhaps by then the senate will have decided on a plan for Muscle Shoals. At least there seems to be some hopes for us. When we become discouraged, let us remember that while the mills of the god grind slowly, they grind surely nevertheless.

The Isle of Pines pact was negotiated 21 years and 11 days before its ratification by the senate, for the senate is a deliberative body.

The above view of the Muscle Shoals matter is a bit more pessimistic than the circumstances warrant. It should be borne in mind that there is keen and widespread interest in the Muscle Shoals question whereas the chief interest in the Isle of Pines Treaty was among the American residents of the Island and the government of Cuba. Too many people in the United States are affected by the Muscle Shoals delay for them to be put off very much longer in the settlement of the question. If congress cannot settle it, the people may be expected to elect men to the next congress who would be willing to do something about it. One beauty about the American system of government is that the people finally have the right to act at the ballot box.—Anniston Star.

### DINNER PARTY FOR OUT OF TOWN GUESTS

Another lovely affair given in hon-  
or of Mrs. Ellen Ballas' house guests  
was the dinner at the Palace on Thurs-  
day evening with Messrs. Charlie  
Beckas, James Coutas and Charles  
Dann as hosts.

The dining table was made beauti-  
ful with caranations and ferns and  
was perfectly appointed. A six course  
menu was served and the dainty place  
cards bore the following names: Mrs.  
Gus Pappas of Chattanooga, Mr. and  
Mrs. C. D. Matranges, of Atlanta,  
Ga., Miss Sophia Dorazo of Birming-  
ham, Mrs. Ellen Ballas, A. Tannos,  
James James, N. Pappas of Nashville  
Tenn., H. Jones and the hosts. Cor-  
sages of pink carnations were pre-  
sented the ladies of the party at the  
conclusion of the dinner.

### THURSDAY BRIDGE CLUB

Mrs. E. E. Peden entertained the  
Thursday Bridge Club and two guests  
Mrs. Warren Gardner and Mrs. Pe-  
rollo on Thursday afternoon at her  
attractive home on Canal and Wal-  
nut streets.

Mrs. E. R. Wolfe made high score  
and after the bridge game a salad  
course was served when the players  
were joined by Mrs. F. M. Robertson  
and Mrs. Gehagen of Chattanooga  
Tenn.

### MRS. ECHOLS ENTERTAINS

The Silk Stocking Club met on  
Thursday afternoon with Mrs. D. S.  
Echols and she had two substitu-  
tions, Mrs. Alan Wallace of Anniston  
and Miss Polly Robinson.

Mrs. Leroy McEntire won the club  
prize for top score and Miss Robin-  
son received the guest memento. A  
delicious fruit salad course was en-  
joyed late in the afternoon.

### THURSDAY CLUB

Mrs. C. C. Cox entertained the  
Thursday Club this weekend also a  
few friends at rook complimenting her  
mother, Mrs. James J. Miller, of Cov-  
ington, Tenn., who is her guest. The  
rook guests included: Mrs. Brennan  
Miss Driskill, Mrs. A. T. Hanson and  
there was one substitute for the  
bridge game, Mrs. Sam Sharp.

Mrs. Sara Jeffries won the club  
prize and a souvenir was presented  
to Mrs. Sharp and Miss Driskill the  
latter having made highest score a  
rook. At the conclusion of the game  
a delicious salad was served with  
sandwiches and coffee and the hosts  
assisted by Miss Mary Louise Green.

### PICNIC FOR VISITORS

A most delightful picnic was given  
on Tuesday afternoon complimenting  
Mr. and Mrs. Matranges of Atlanta.  
Mrs. Gus Pappas of Chattanooga  
Tenn., and Miss Sophia Dorazo of  
Birmingham who are visiting Mrs.  
Ellen Ballas. The party motored to  
San Souci Cave where a temptin-  
picnic supper was spread after which  
an hour was spent in conversation.

### COMPLIMENT TO

### MRS. HILL

Mrs. Walton Hill who with Mr. Hill  
will leave soon to make their home in  
another city was beautifully compli-  
mented on Wednesday afternoon by  
Mrs. H. M. Priest with a theater party.  
After witnessing the movie, "The  
Courtship of Miles Standish" at the  
Princess theater Mrs. Priest's guest  
repaired to her home for an enjoy-  
able hour.

The home was unusually pretty on  
this occasion, pink carnations and  
ferns making it so. The pink and  
green color scheme suggested by those  
was further emphasized in the ice  
course that was served.

Her guests were Mrs. Walton Hill  
Mrs. William Steed, Mrs. Lamber C.  
Mayes, Mrs. J. M. Minor and Mrs. C.  
D. McQuary.

Mrs. H. O. Troup and Miss Dorothy  
Patterson left Wednesday for Gads-  
den where they will attend the State  
Federation of Music Study Clubs as  
delegates from the local club. They  
made the trip overland and will re-  
turn home on Saturday.

Miss Margaret E. Turner a student  
of Maryville College at Marysville,  
Tenn., spent the past week with her  
parents, returning here on Monday.

Mrs. Roy Horton who spent the win-  
ter with her mother in Marysville,  
Ohio, will return here next week.

Mrs. Wright suffered a stroke of  
paralysis at her home on Sixth ave-  
nue on Wednesday.

Miss Helen Rauschenberg is ill at  
the home of her parents, Mr. and  
Mrs. W. F. Rauschenberg.

### LITTLE MISS KING'S PARTY

Little Miss Margaret King, daugh-  
ter of Mr. and Mrs. C. O. King cele-  
brated her eighth birthday on March  
twenty fifth at their home on East  
Lafayette street and in the afternoon  
she was joined by the following lit-  
tle chums for a most delightful party,  
Evelyn and Eleanor Green, Julia Wert  
Hildreth, Nell Cox, Rachael Carlisle,  
Jane Todd, Vera Evelyn Cawley, Tom-  
my Whitworth, Earle Calvin Jr., Joe  
Calvin, John Russell Moseley, Mahlon  
and Marvin Yarbrough and Noel Car-  
penter.

Seasonable games were enjoyed dur-  
ing the afternoon and an ice course  
was served with cake late in the after-  
noon. Mrs. King was assisted in en-  
tertaining by Miss Elizabeth Hous-  
ton.

Mrs. Henry Gupton, Jr., of Nash-  
ville is the weekend guest of Miss  
Katherine McCormack.

Miss Linda Torian arrived this af-  
ternoon to spend several weeks with  
Miss Vera Smith.

Mr. and Mrs. Frank Witt of Ath-  
ens were the guests last week of their  
parents, Mr. and Mrs. W. H. Turner  
on Fourth avenue West.

Miss Pearl Lindsay of Cullman vis-  
ited the Misses Turner the past week-  
end.

Mrs. Oliver Johnson, Mrs. W. M.  
Chenault, Mrs. F. L. Chenault and  
Mrs. R. E. Wardlow were among those  
from the Central Baptist church who  
attended the Northern District con-  
vention of Baptists at Athens on  
Tuesday.

Mrs. Alan Wallace will leave Satur-  
day for her home in Anniston after  
spending two weeks with her parents  
Mr. and Mrs. W. P. Russell.

Mrs. Gohagen of Chattanooga,  
Tenn., will be at home for several  
months with Mr. and Mrs. F. M.  
Robertson on Canal street.

Mrs. Pete West has returned from  
Fayetteville, Tenn., where she was  
the guest of her parents Mr. and Mrs.  
N. D. Moore and her aunt Mrs. W.  
R. Luckner. Mrs. West underwent a  
slight operation while there.

Mrs. aFanny Wallace will leave this  
week for New Orleans, La., to be the  
guest of her son and daughter Mr.  
and Mrs. William Wallace.

Mr. and Mrs. C. D. Matranges of  
Atlanta, Ga., are visiting her sister  
Mrs. Ellen Ballas. Other house guests  
of Mrs. Ballas include Miss Sophia  
Dorazo of Birmingham and Mrs. Gus  
Pappas of Chattanooga.

values. We have made an exception of this case be-  
cause the coats are from our \$20 and \$25 racks, re-  
duced to \$15 for quick sale tomorrow. Why? We  
bought heavily for interval shipments and while  
our coat sales have been healthy, we still have more  
than we should at this stage of the season. All the  
materials, styles, colors and trimmings you would  
expect to find in coats which Garnett prices attrac-  
tively at \$20 and \$25.

## Major Leagues Round Slowly To Form; Big Scores Characterize Spring Work

The Majors are slowly but surely coming into form for the opening bouts of the big top seasons. With the exhibition bouts going at all training camps there seems to be very little defensive work and heavy offensive movements. Minor league and major league teams are crashing the gates alike.

Buffalo and Washington got down to real work and played 11 innings before the minor league carried the verdict. The final count was 6-5. The Senators used Marberry, Reuther and Mogridge the three yielding 12 hits. Each club made three errors.

Indianapolis defeated the Philadelphia Nationals 9-4. St. Louis of the American league handed the Boston Nationals a beating by a like score 9-4. The Boston Americans defeated New Orleans 5-2. The Yankees fell before the Brooklyn attack 11-10. The Philadelphia Americans battled Milwaukee for a 9-7 victory.

Early season games always bring out the worst and very little of the best that is in a club.

St. Bernard College handed the Falkville Independents a tremendous jolt on Wednesday afternoon with a top heavy score 21-2. The Saints gathered 25 hits in the contest while Falkville was able to collect but 5 safe blows. Errors were in evidence on both sides with the Saints being

## BEAR CATS WIN

The Railroaders were handed a great big fat goose egg last night in bowling at the Y. M. C. A., the cheerful giver being the Bear Cats, team, who were coming back strong last night. The Bear Cats decided to dine on real chicken eggs for Easter, so dished out the goose egg to the Railroaders.

Men showing improvement in averages for the night were Smith, Dr. Baugh, Jones, Vaughn and Weatherly. Teams bowling tonight will be the "Y" Directors vs the Machine Shop. Scores for last night:

## The Days of Frequent Car-Buying are Passing

The public is learning after a quarter century of experience that true economy in personal transportation, as in other necessities, lies in buying the best at long intervals rather than less than the best at more frequent intervals.

Sixty per cent of the cars now being traded in on Packard Sixes are less than two years old—25% are less than one year old. But for these new Packard owners the days of frequent car buying are past.

Thousands of Packard Six owners are now well on their way toward the 100,000 mile mark—and with no loss of the original beauty, distinction and comfort of their cars. They have discovered true economy.

## CASH OR MONTHLY PAYMENTS?

If you were the Beneficiary under your own life insurance policies, would you prefer a cash settlement, at death, or a monthly income extending over a period of ten years, as follows:

\$200.00 per month, first two years.

\$150.00 per month, next two years, and

\$100.00 per month, for remaining 6 years.

Show this advertisement to your Beneficiary, tonight, and ask her if she would like for you to take some additional life insurance, and have it payable as a monthly income for ten years, like the above, or if she would prefer CASH IN A LUMP SUM.

# SALE

**Starts Tomorrow---Ends As Soon As  
Our Goal IS Reached**

No use dodging the issue. We want \$5,000 cold cash within the next few days to take advantage of some of the cash offerings of manufacturers. We're in earnest about it. There is one way to raise the money. That is to cut prices to the bone for those who can pay cash. And we have done it. That is readily apparent from the prices quoted here. You will realize it still more when you come in and see the quality of goods and the many more drastic reductions in force. Every article marked in plain figures.

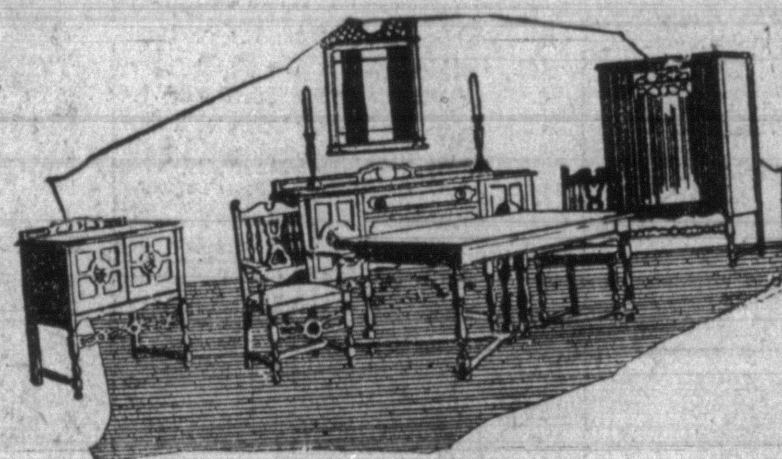

While \$5,000 cash is our goal, we have other aims. We seek your satisfaction—plus enthusiasm. We aim in every transaction to more than merely please. We want your friendship—your warm loyalty. We count every transaction a failure if it fails to win these.

The sale will last but a few days. The enormous price concessions will be withdrawn when cash sales reach our goal. So don't wait and risk missing this rare chance.
